

Overview

The primary aim of the Financial Planning Association® (FPA®) is to be the community that fosters the value of financial planning and advances the financial planning profession. FPA’s strategy to accomplish its objectives involves welcoming all those who advance the financial planning process.

In this spirit, the FPA Diversity Committee established the Diversity Scholarship Program to assist with its mission to develop strategies to raise awareness and promote inclusiveness of diverse communities including but not limited to; age, physical ability, race, ethnicity, gender and sexual orientation in the financial planning profession.
