

As you may know, FPA Retreat is quickly approaching. This unique event is not your typical conference. It's an opportunity to network with the best of the best in the profession while learning cutting-edge theories and practices.

This year's Retreat theme focuses on intergenerational issues and is especially suited to FPA NexGen members. But these conversations can only happen if YOU are in the room.

FPA is offering an **exclusive opportunity** to first-time FPA Retreat attendees who are FPA NexGen members. We are offering a limited number of **full event registration scholarships** to enable you to attend Retreat and join the conversation, interact with the influencers of the profession, and customize your educational experience, all in an exclusive retreat-type setting in Georgia. Scholarship winners must pay for their own travel and expenses.

To apply for a Retreat scholarship:

1. You must be a current FPA member and member of the FPA NexGen community.
2. You must be a first-time attendee of FPA Retreat.
3. You must submit a short, no longer than one page answer, to the following question: What would it mean to you to attend Retreat 2017?

Please submit the answer to the question above to: FPANexGen@OneFPA.org

Submissions are due March 31, with scholarship recipients being announced April 7.

We hope to see you in Georgia! Apply now!
